

How do I set up a printer?

- In IVIS Plus go to Edit >> Printer Setup.
- If your printer is listed in the right column then no setup is required. Highlight the printer and click "Edit" to check settings.
- If your printer is listed in the left column, click on it to highlight it, then click "Add".
- Specify the Media Type, Encoder, and Print Time. Click OK.
- Click "Save" before exiting.
